Giralda Collection

The Giralda Collection is an exquisite series of moldings inspired by the arabesque style. Each profile, available in three finishes: gold, silver, and copper, evokes elegance and sophistication. The intricate patterns of the moldings resemble arabesque tiles, creating a harmonious link between tradition and modernity.

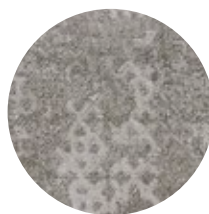

These moldings are not only visually impressive but also durable and resistant. The selected pine ensures a solid base for the gold, silver, and copper finishes, further enhancing their beauty.
