MOLGRA

Dakar Collection

The new Dakar Collection we are introducing features three different finishes that perfectly imitate oak, each with a unique tone that adapts to different decorative styles. These moldings are made of high-quality materials, and their open pore gives them a very natural and authentic appearance.

The quality of our moldings is exceptional. Their smooth texture and uniform finish make them ideal for any decorative project. Additionally, their manufacture with high-quality materials ensures that they are resistant and durable.
