Cerámica Collection

The CERAMICA collection is a tribute to the noble world of porcelain and other tiles that is in all our homes, with its characteristic bright colors.

It is made up of one profile, 26x21mm, very practical, and enhanced with a wood paste decoration. The patterned engraving has this unique pearly white porcelain touch, thanks to a special thick paint.

The bright color is intentionally applied to the upper part of the engraving, for better contrast. It is worth highlighting the cobalt blue tone, so typical and Mediterranean, the pure white, next to red, green, and slight black. Once assembled, the frame will impress you with its unique appearance and combine with any interior.
