

Rainbow Collection

Dive into the Rainbow Collection, where wood comes to life in a burst of color, reflecting the passion and diversity of those who dare to be authentic. This moulding was born the day its creator, upon seeing a rainbow, felt the world shift: freedom was shining, diversity was celebrated, and art was filled with color and struggle.

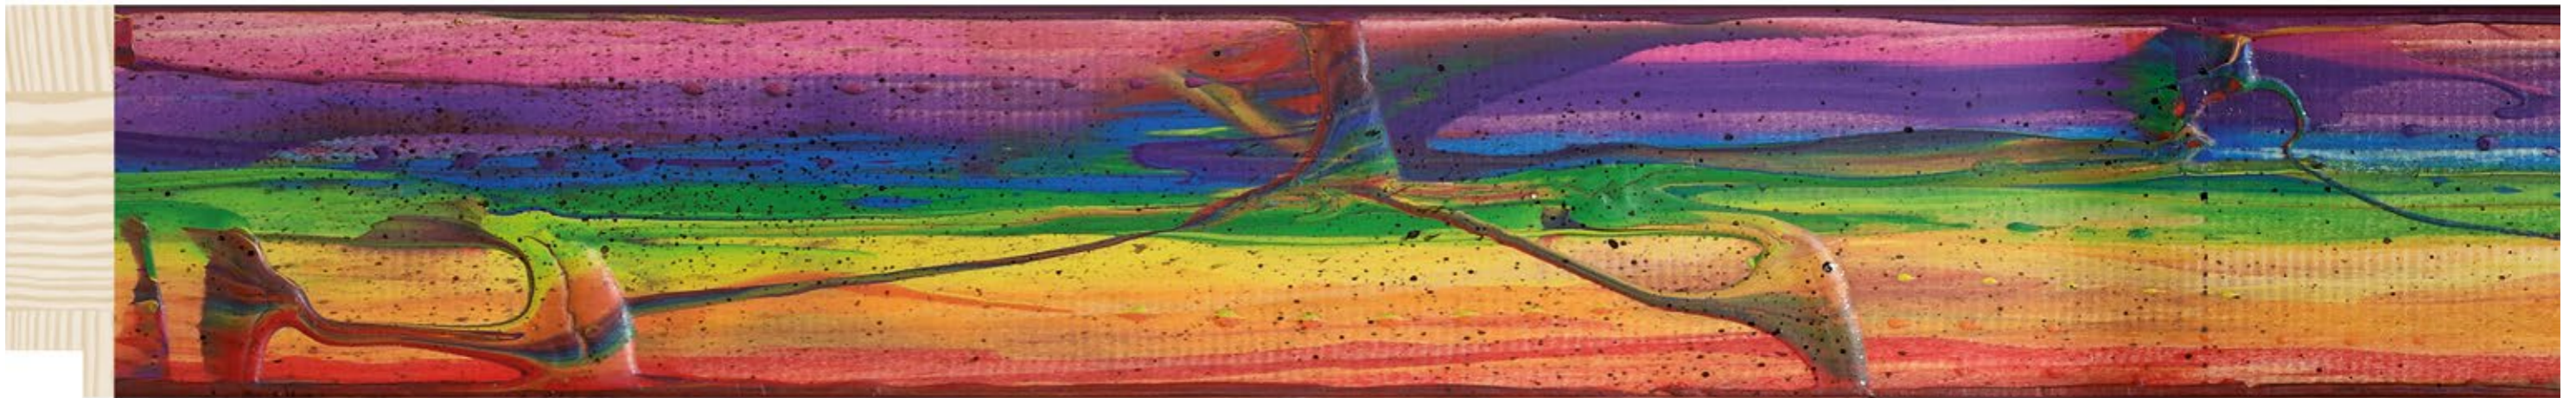

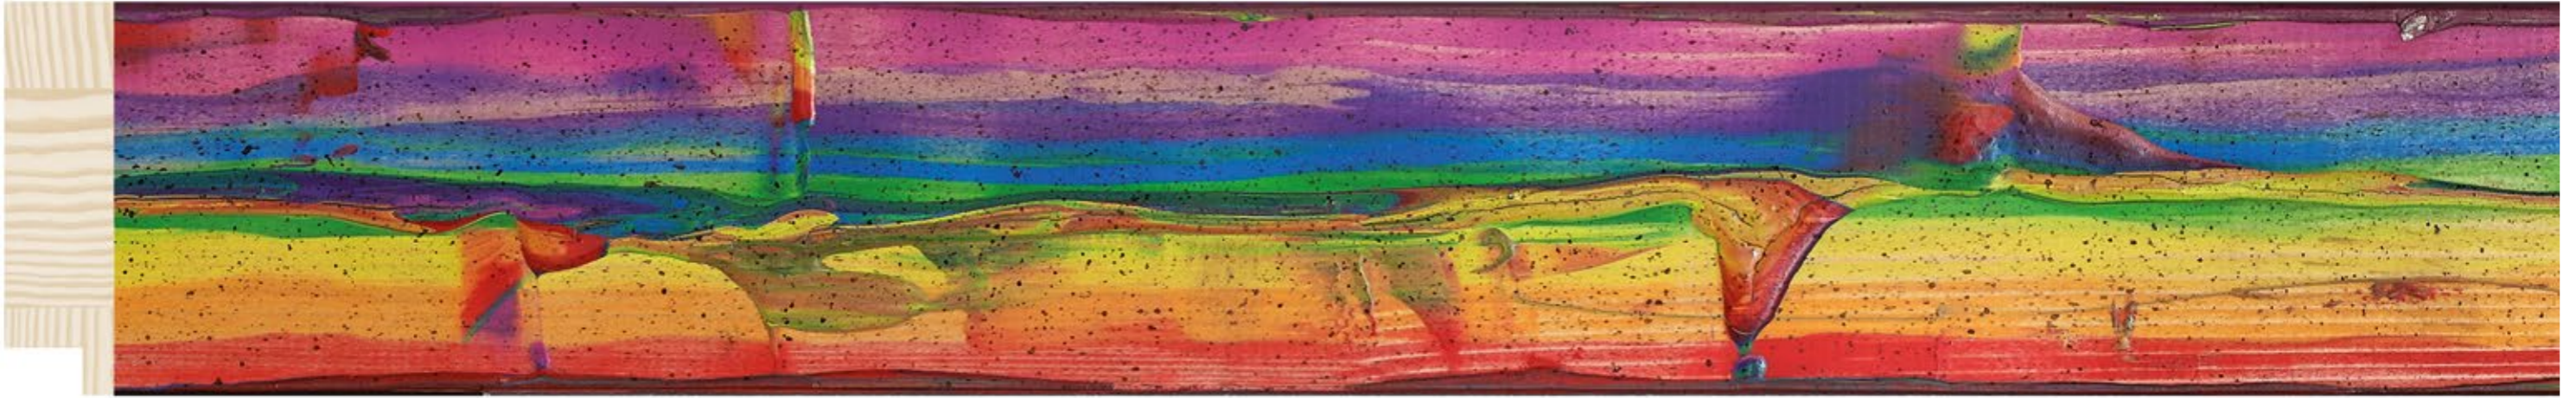

Its vibrant tones dance in perfect harmony, creating a visual symphony that enhances any space. Each piece is unique, hand-painted, unrepeatable, a small work of art telling its own story.
