Brooklyn Collection

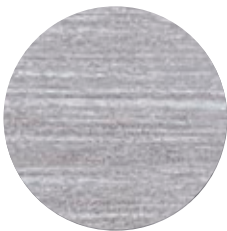

The BROOKLYN Collection blends traditional decor with smooth and satin finishes for a more modern look.

BROOKLYN features two profiles made of finger jointed pine, which have been drawn down to achieve a flawless base for applying our decor. The slightly inclined upper edge is separated from the rest of the profile by a channel, giving it a more contemporary touch.

The outer edge is painted black, using a very intense shade. It resembles the colors emitted by the imposing and famous Brooklyn Bridge. It provides an elegant and neutral color that complements any wall or support.
