Box Collection

The BOX collection is in the various colors that can be found in nature, a texture that aims to move away from flat and smooth colors. A contrast of the same color with different nuances that highlight its elegant and modern finish.

The strong point of the BOX Collection is the size of its two 70x20mm and 20x100mm finger pine profiles that stand out for their depth. The interior rebate is decorated with the same quality as the exterior of the molding and due to its second rebate, works with relief of up to 80mm can be framed.
