Nature Collection

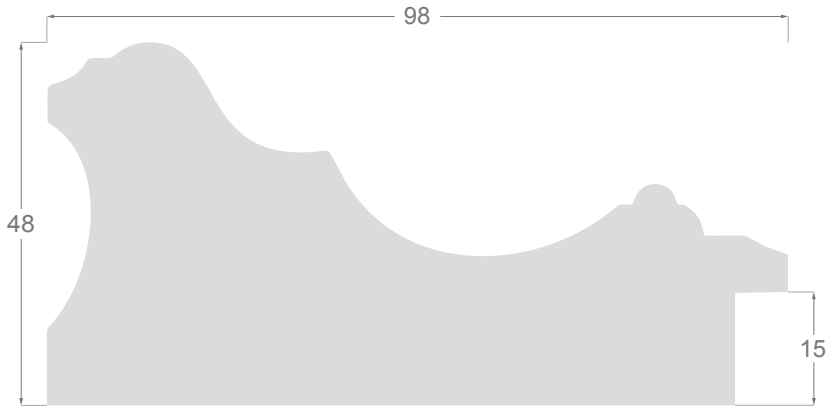

The NATURE collection is introducing two new profiles, with generous and modern curved lines, of 50x30 and 98x48mm respectively.

Made of premium quality finger-jointed pine, they complement the straight edged profiles we have developed so far: classic, architects, pyramid or floaters.

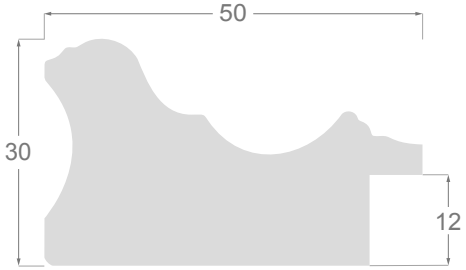

Framers will find the decorations that make NATURE successful: a noble textured oak, an elegant two-tone wenge, a Nordic white oak, and a warm walnut. For the everyday jobs, at a price that stays affordable.
