# Prado Collection

The Prado Collection embodies sophistication and elegance in the art of framing. Crafted in finger pine, this collection features two distinctive profiles that add a unique touch to your artworks. The carefully crafted profiles offer a perfect blend of sturdiness and refinement.

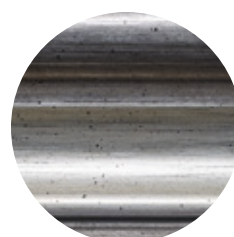

Prado stands out even more with its three exquisitely selected finishes: Gold, Cava, and Silver. These classic tones add a touch of distinction to any framed piece, creating a visually striking and refined effect. With an elegant finish, this collection elevates the art of framing, providing a frame that accentuates the unique beauty of each artwork and adds a touch of luxury to any space.
