MOLGRA

Louvre Collection

The LOUVRE collection is our contribution to the artworks that seek some eternal elegance, to be combined with any style: modern, contemporary, or more conservative.

It is made up of three finger-jointed pine profiles, with a deep matt black base, where the color itself has been deliberately textured, giving it a touch of nobility rarely seen in the framing: a generous 60x40 mm American box, and two architect profiles, 15x22mm and 23x40mm.

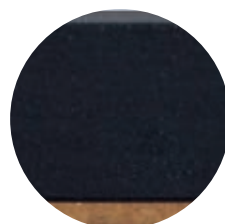

Subtle variations of colors combine inserts or gold or silver edges, as needed. Interestingly, the profiles act both as mountable frames, and most importantly, they can be mounted together, increasing the effects, as we will show you below.
