Chester Collection

The CHESTER collection is a tribute to the world of cosy and noble interiors, which emphasizes traditional furniture. It integrates the latest advances in terms of embossed printing films for mouldings, giving the grain-like and chocolate-coloured appearance of leather, or the typical look of elm root.

CHESTER consists of two series of profiles, mounted with finger-jointed pine profiles. One series consists of three two medium-size profiles of 70x30, 30x17 and 48x20mm respectively, looking like natural brown leather. The other series develops three profiles as well, in 48x20mm, 30x17mm and 20x20mm, and reflects the touch and look of the elm root.

Whether retro-style prints, more abstract paintings or even mirrors, CHESTER is meant for interiors with personality. It also fits within pubs and restaurants, living rooms, and hotels. It is ideal for both dark and light furniture, and also for modern or conservative interiors. Finally, these noble materials survive any fashion trend.

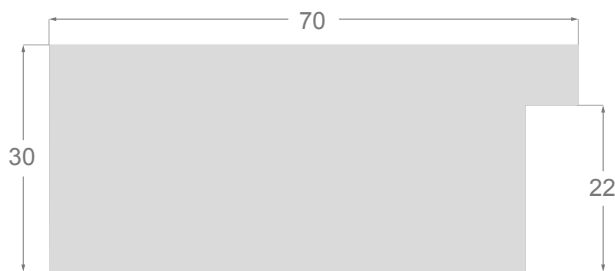

We are proud to present the CHESTER collection, as a small technical advance within our collections, giving longevity and beauty to your frames. "For many years".
