MOLGRA COLLECTION

MOLGRA

Altis

Colección **Altis**

La colección ALTIS representa en Molgra nuestra nueva actitud hacia las molduras: un conjunto de perfiles variados hechos con pino empalmado en fingers, realizados cada uno en cinco acabados de chapa natural, con tonos actuales: wengue, nogal americano, roble, haya vaporizada y maple.

Ya sean perfiles planos anchos, perfiles de arquitecto, cajas americanas, pirámides o incluso tapetas, con ALTIS el enmarcador cubre una amplia gama de necesidades y dispone, gracias a su acabado en cantos rectos, de un perfil moderno y actual.

La chapa recubre todo el perfil, incluso su espalda, y gracias a que no lleva ningún producto añadido si se desea, se pueden aplicar diferentes acabados, como tinte, barniz, patinas, betún, etc...
