Noir

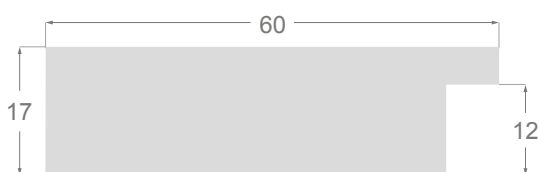

Collection **Noir**

La Collection Noir est une évolution sophistiquée des moulures noires classiques, obtenant un effet visuel similaire à la texture du chêne peint en noir. Fabriquées en pin finger joint issu de forêts gérées de manière responsable, ces moulures sont recouvertes d'un film en polypropylène conforme aux normes REACH et contenant 50 % de polymères recyclés post-industriels. De plus, leur formulation est exempte de formaldéhyde et de métaux lourds, renforçant leur engagement envers la durabilité.

Cette collection offre des solutions polyvalentes pour tous types d'encadrements, y compris les estampes, les aquarelles, les toiles et, en particulier, les photographies en noir et blanc. Sa finition contemporaine et la sécurité esthétique du noir en font un choix idéal pour ceux qui recherchent à la fois l'élégance et la conscience environnementale dans un seul produit.
