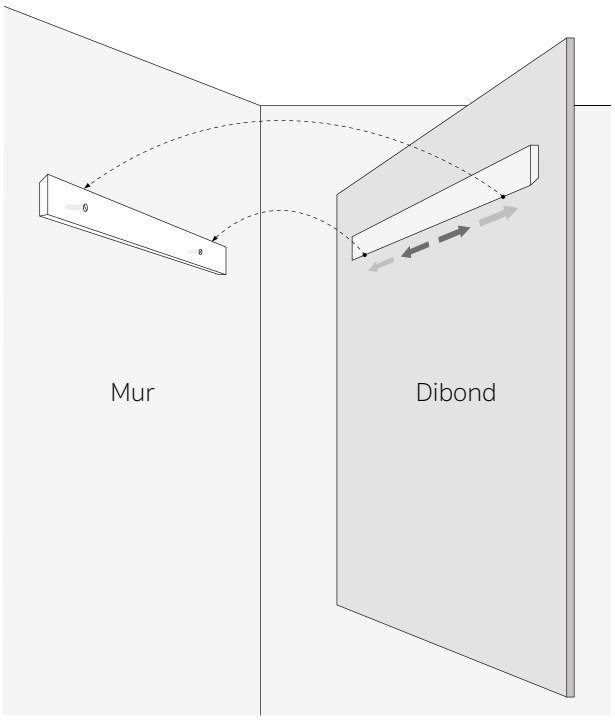
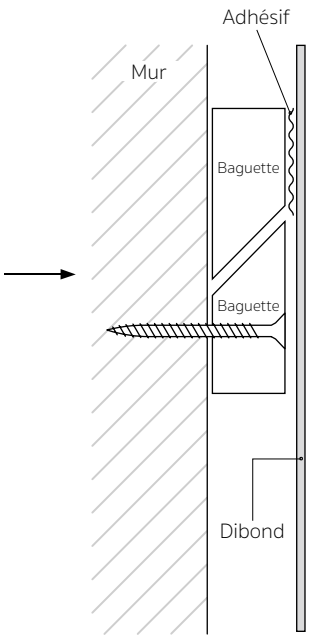
Châssis en pin lamellé-abouté pour suspendre

1782/000 38x20mm

1781/000 38x15mm

1780/000 38x10mm





Baguettes spécialement conçues pour suspendre des plaques de Dibond et autres matériaux, sans leur faire toucher le mur.

Le profil en forme de cale permet d'ajuster complètement le montage à la surface du mur, de façon simple, en appliquant plusieurs montages possibles.

Châssis spécial en pin lamellé-abouté pour suspendre

1787/000 40x20mm

1786/000 30x14mm

Baguettes en pin lamellé-abouté, spécialement conçues pour suspendre facilement au mur n'importe quel type de cadres. La forme du profil, avec son canal intérieur incliné, qui peut se clouer au dos d´un cadre, donne aussi une plus grande capacité de résistance aux montages réalisés avec des baguettes fines.

Voir shcéma ci-dessous. La pente inclinée asssure un ajustement parfait du cadre sur les pitons muraux, pour le maintenir horizontal et le plus proche du mur, et rend le positionnement à gauche ou à droite plus facile.
Servis en paquet de barres de 3 mètres.
